

Research needs/technology issues
Small Producers Forum

2. Staffing

- Acquire Skilled Vendors
- Shortage -Engineers and technical People
- Training/Education

1. Data Bases

- Digital and non digital
- Rapid and effective delivery
- Access to state and University data
- Templates for complying with state and federal regulations
- Tech Transfer

4. Improved Oil Recovery

- Cost effective
- Affordable Technology

5. Characterization

- Better resolution
- New measures
- Integration
- Reservoir modeling
- 3 D models

3. Applications

- Better tools
- More Research
- Produced water
- Play-based issues – use of Petroleum System Analysis
- Water Shut off
- Using existing technology in producing and testing area
- Desalinization
- Advanced drilling methods
